### HG shower & washbasin spray

HG "shower & washbasin spray" is a mild every day cleaner for washbasins, (synthetic) shower cubicles and tile walls. It quickly and easily removes light limescale, body grease and soap residues. Can also be used on taps and other sanitaryware as well as on marble, travertine, other calcareous natural stone, granite and concrete.

#### Directions for use:

Turn the nozzle on the front side a quarter. Simply spray HG "shower & washbasin spray" on the surface. Leave for a short while (wipe with a sponge if desired) and rinse. Preferably dry with a cloth, a window-wiper or a leather. Turn the nozzle a quarter after use (OFF). To remove severe lime scale HG "professional limescale remover" or HG "scale away foam spray" is recommended. For removal of copper oxide, urine stain etc. use HG "professional limescale remover". To remove brown or black marks use HG "mould spray".

#### Attention:

**Transport and store the bottle upright.** 1.06% of the mixture consists of component(s) of unknown toxicity. **P101-** If medical advice is needed, have product container or label at hand. **P102-** Keep out of reach of children. • Medical personnel can request the data sheet via +31 (0)36 54 94 777. • The consumer's information sheet can be obtained via [www.HG.eu](http://www.HG.eu)
